

Help the Community Action Fund of Planned Parenthood of Orange and San Bernardino Counties Protect Women's Health and Proudly Stand with Planned Parenthood

While anti-abortion activists continue their efforts to defund Planned Parenthood, local supporters aren't fooled by the latest attacks and false accusations. We've heard from many of our local elected officials and their message is clear – *they stand with Planned Parenthood*. They know that every day, our health center staff provides the best care under the highest ethical and legal standards because nothing is more important to us than the health and safety of our patients.

Despite this, when the Republican-led Congress is back from summer recess, both houses will continue to attack Planned Parenthood and push the same dangerous agenda – to defund Planned Parenthood.
How can you help in your community?
